This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PREFACE

The Twenty-third Grand Chapter, held at Nashville, Tenn., in August, 1897, authorized the preparation of this volume, and Frank Crozier, Chi, '92, was elected Grand Historian. The question of an appropriation to meet the necessary expenses failed to be considered and little progress could be made by him or his successor, Newman Miller, Alpha Pi, '93, who was elected at Philadelphia in 1899. Only preliminary work therefore was done previous to the election of Ray G. MacDonald, Alpha Pi, '93, who began the compilation of the material for the book, with the coöperation of the chapter historians and interested alumni, early in the fall of 1900, the expectation being that the book would be ready for delivery at the next Grand Chapter. As is generally the case with fraternity publications of this nature many unexpected difficulties were encountered, and notwithstanding the Grand Historian's earnest efforts, the first copy did not go to the printer until May 1, 1901. Grand Historian MacDonald was obliged to discontinue active work on the book about June 1st, the task being continued by the Grand Triumvirs, and at the time of the Grand Chapter, which assembled at Buffalo, New York, on July 24th, about one-half of the chapter rolls were in type with proof slips mailed, and 100 pages printed. This result in actual publication was accomplished largely through the efforts of Grand Quaestor Ralph F. Potter. The work of the present Grand Historian began immediately following this convention.

The present volume aims to be a Residence Directory, as distinguished from the biographical catalogue of 1890, the information regarding each man being limited to his full name under his chapter and class, collegiate degrees, present address and occupation, together with any official position held at the time of the return of his proof slip. In addition, when prominence in the work of the Fraternity has taken the form of a delegateship to a Grand Chapter or membership in the Grand Council, mention is made of the same. If a member is a graduate of an institution, this degree appears without date as the first

item of information on the line beneath his name, and if he has been a member of more than one chapter, the book contains information in duplicate concerning him. As much time was occupied in the printing, the Addenda found on pages 455-474 was included to provide for later initiates and corrections. Previous to printing, a proof slip was mailed to each member for approval or correction, with directions for return if undelivered. Beginning with Mu chapter, page 175, page proofs of each chapter were forwarded to the chapter historian and two or more prominent alumni for corrections and additions before printing. Addresses which are probably incorrect or insufficient, when no later one was reported, are marked with a dagger (†) and the names of deceased persons are preceded by an asterisk (*). No mention is made of expelled men. The Historical Sketch was written by Past Grand Consul Joseph C. Nate, with the exception of a portion relating to his own administration, which was written by former Grand Tribune Charles Alling, and the pages relating to the founders of the fraternity were prepared by Grand Tribune Herbert C. Arms.

The gratifying growth of Sigma Chi since the last Catalogue appeared may be appreciated when it is stated that the alphabetical index contains 7,202 names, as compared with 3,879 in 1890. The first Catalogue of 1870 contained 1,069 names and that of 1876 about 1,750.

Inasmuch as it is the intention of the Grand Historian to maintain an accurate record of members, it is hoped and urgently requested that the readers of this book will inform him of any omissions or misstatements that may come to their notice.

Grand Historian.

A HISTORICAL SKETCH

A HISTORICAL SKETCH

OF THE

SIGMA CHI FRATERNITY

1890–1900

The Fraternity completed thirty-five years of its history on June 28, 1890.* The record of those years has been carefully compiled. In the Catalogue and History of 1890 are some forty pages, detailing with accuracy the childhood and youth of the Fraternity and the condition and affairs of its then vigorous and successful manhood. In the present record it is intended to carry that recital forward with a similar degree of detail for the ten years which have succeeded.

Readers of the former history will note that it culminated in the thorough-going organization of the Fraternity under the new constitution adopted by the Fifteenth Grand Chapter, at Cincinnati, Ohio, in 1884. The succeeding Grand Chapters, to that of 1890, tested and strengthened this system until the whole Fraternity had come by that date to have a particular pride in Sigma Chi's governmental efficiency. The Grand Chapters covered herein, and the important events intervening may, therefore, be best studied with this fact in view. It may safely be said that the development of our system of government, and the successful application of its methods have constituted the generally distinguishing features of the present period. To these our growth and success in all lines may be ascribed.

The Eighteenth Grand Chapter of the Fraternity met at Washington, District of Columbia, November 26, 27, 28, 1890. Sigma Sigma, noted as recently inactive in the catalogue of '90, had revived

* Authority—Section III. original constitution and ritual of the Sigma Chi, and the records of the Alpha Chapter in the catalogues of 1870, 1876, and 1890.

in the early fall, and the Alpha Phi, our sixtieth chapter, had been auspiciously installed at Cornell University on October 10, 1890. Twenty-four chapters out of the thirty-nine active, and eight alumni chapters, then forming the Fraternity, were represented in the Grand Chapter by delegates. Many visitors were present especially from the eastern sections of the fraternity territory. The total registered attendance was seventy-one. The permanent organization was as follows: Grand Consul, Reginald Fendall, Epsilon, '64; Grand Proconsul, Alfred Taylor, Kappa, '66; Grand Annotator, Ernest H. Lindley, Lambda, '91; Grand Tribune, Walter L. Fisher, Chi, '83; Grand Quæstor, Smith Burnham, Alpha Pi, '92; Grand Custos, Fred P. Davis, Xi, '93.

The sessions were not characterized by very extensive nor at all radical legislation. 1. The Fraternity was congratulated upon the recent completion of the Catalogue and History of 1890, a publication which was found easily to occupy the leading position among similar efforts by college fraternities up to that year. 2. A movement for a new song book was inaugurated, the task of its compilation being entrusted to the Alpha Sigma Chapter. 3. In connection with an excursion to Mount Vernon, the convention secured the very high and most unusual privilege of being permitted to plant an ivy at the tomb of Washington. This plant has lived and grown, and a suitable copper plate commemorates its planting.

The Eighteenth Grand Chapter placed the fortunes of the Fraternity for the succeeding two years in the hands of the following Grand Council: Grand Consul, Walter L. Fisher, Chi, '83; Grand Quæstor, Joseph C. Nate, Alpha Iota, '90; Grand Annotator, John T. McCutcheon, Delta Delta, '89; Grand Tribune, and Editor-in-Chief of Sigma Chi Quarterly, Charles Alling, Chi, '85, and Theta Theta, '88; Grand Historian, John T. McCutcheon, Delta Delta, '89; Grand Praetors: First Province, John B. McPherson, Theta, '83; Second Province, Frank Talbott, Gamma Gamma, '86; Third Province, John S. Van Winkle, Zeta Zeta, '90; Fourth Province, Ernest H. Lindley, Lambda, '91; Fifth Province, William T. Alden, Omega, '91. The Sixth Province was left to be filled by the Grand Council, which subsequently elected Joseph H. Ingwerson, Theta Theta, '87. Before another Grand Chapter occurred, Frank Talbott, of the

Second Province, had resigned, and had been succeeded by George H. Denny, Jr., Sigma Sigma, '91.

The succeeding two years were years of marked energy and enthusiasm in the official work of the Fraternity. Grand Consul Fisher, having been honored with his high office after ten years of continuous and intense labor in the Grand Tribuneship, as Editor-in-Chief of the Sigma Chi, and as the moving spirit in the publication of the magnificent Catalogue and History, maintained a close touch with the active work as Grand Consul. In some of the other offices the work went into the hands of a younger and most enthusiastic class of men. Numerous petitions were received, and four charters were granted—those for the chapters at the Pennsylvania State College, the Alpha Chi, installed May 27, 1890; Vanderbilt University, Nashville, Tennessee, the Alpha Psi, installed December 22, 1891; and Leland Stanford, Jr. University, Palo Alto, California, the Alpha Omega, installed December 19, 1891; and the revival of the Kappa Kappa, at the University of Illinois, reinstalled December 22, 1891. The Alpha Rho, the Tau, and the Alpha Delta Chapters became inactive. A proposition to revive the Alpha at Miami University, Oxford, Ohio, went over for the consideration of the next Grand Chapter. Successful conventions of the Third and Fourth Provinces were held, respectively, in March and May of 1891, the former at Cincinnati, Ohio, and the latter at Greencastle, Indiana.

During this period it became plain that there was a radical weakness in the Fraternity's financial system. This condition, the Grand Quæstor, who was destined to remain in charge of the Fraternity's finances for the succeeding nine years, at once planned to permanently reform. The weakness of the situation may be indicated by the fact that there was an outstanding indebtedness of some three thousand dollars, largely a balance due on the recently published Catalogue and History; there were several hundred of these expensive volumes unsold; and the active chapters were in arrears on their dues to the general Fraternity a total of many hundreds of dollars. These three conditions were completely remedied under plans then inaugurated. In addition, a new and better financial system for the Fraternity in all lines, and involving new and important departures, was originated at this time, and, as perfected by future consideration, was inaugurated through the successive Grand

Chapters of the decade. Some of the most far-reaching influences of the succeeding Grand Chapters become apparent only in view of the fact that much of their time and thought has been devoted to the development of the present very efficient financial system of the Fraternity.

The Nineteenth Grand Chapter was held at Indianapolis, Indiana, August 24, 25, 26, 1892. Of the forty active and eight alumni chapters of the Fraternity, twenty-seven were represented by delegates. The total registered attendance was 116. The Grand Chapter was organized as follows: Grand Consul, Robert Farnham, Epsilon, '64; Grand Pro-consul, Frank M. Thomas, Alpha Psi, '93; Grand Annotator, Louis T. Hill, Alpha Lambda, '94; Grand Custos, Fred C. Scheuch, Jr., Delta Delta, '92.

The important transactions of the Nineteenth Grand Chapter may be summarized as follows: 1. It received and approved the first impression of a new form of charter blank, the design of the Grand Quæstor. This was the first form granting the charter by the Grand Council instead of the Alpha, or parent chapter, and arrangements were made to supply it to all recently received chapters. 2. The legality of the proposed membership of former President Grover Cleveland, who had accepted an invitation to honorary membership in Sigma Chi, was considerably discussed. This invitation was tendered Mr. Cleveland by the Theta Theta Chapter, acting in ignorance of the Fraternity's practice, since 1882, and misinterpreting the written law of the Fraternity; but he had not been initiated thereunder. No specific action on the proposed initiation of Mr. Cleveland was taken, but a prohibition of honorary membership in most explicit terms was added to the constitution. 3. The convention exchanged greetings, and held some joint social affairs with the convention of Kappa Kappa Gamma assembled in Indianapolis during the same week. 4. A large and representative committee on finance made a carefully considered report, which was adopted. It provided, among other things, for an enlarged initiation fee of four dollars, payable by initiates to the general Fraternity, in return for which such initiates were to be supplied each with a copy of the Catalogue and History of 1890, until the edition was exhausted. 5. The Alpha Sigma Chapter made a report on its progress with the song book, which project was continued in its hands. 6.

The Provinces were rearranged with slight changes in the existing six, and the creation of a new one, the Seventh Province, composed of the most southerly states.

The Grand Chapter elected the following Grand Council for the next two years: Grand Consul, Reginald Fendall, Epsilon, '64; Grand Quæstor, Joseph C. Nate, Alpha Iota, '90; Grand Annotator, William T. Alden, Omega, '91; Grand Tribune, Charles Alling, Chi, '85, and Theta Theta, '88; Editor-in-Chief of Sigma Chi Quarterly, Charles Alling, Chi, '85, and Theta Theta, '88; Grand Praetors: First Province, John B. McPherson, Theta, '83; Second Province, George W. Denny, Jr., Sigma Sigma, '91; Third Province, George D. Harper, Zeta Psi, '91; Fourth Province, C. Bloomfield Edson, Chi, '94; Fifth Province, Clarence A. Fiske, Alpha Pi, '90; Sixth Province, John W. Dixon, Alpha Epsilon, '94; Seventh Province, William B. Ricks, Alpha Tau, '90; and Alpha Psi, '94. C. Bloomfield Edson soon resigned, and was succeeded by Albert E. Wiggam, Chi, '93. John B. McPherson was succeeded in the First Province by George C. Purdy, Alpha Phi, '92.

In November, 1892, Grover Cleveland was elected President of the United States for the second time. There was a feeling in the Fraternity that the failure of the Grand Chapter to provide for his initiation did not express the general wish of the Fraternity. This feeling became so marked, especially in the East, that Grand Consul Fendall, under the constitutional provisions, called a special Grand Chapter of the Fraternity to meet in New York City on January 24, 1893, for the consideration of this issue. The Twentieth Grand Chapter of the Fraternity accordingly met on that date. It elected the following officers to preside over its deliberations: Grand Consul, Reginald Fendall, Epsilon, '64, the Grand Consul of the Fraternity; Grand Annotator, Stephen T. Mather, Alpha Beta, '87. The actual attendance was small, but many chapters were represented by proxies held by those present. The committee on credentials found thirty-two chapters, active and alumni, entitled to representation. The decision of the Grand Chapter on the question was to make possible and legalize the initiation of Mr. Cleveland, at the same time explicitly doing away with honorary membership in Sigma Chi thereafter. Mr. Cleveland was initiated into the Fraternity somewhat later in New York City by the following committee:

Grand Consul Fendall, Epsilon, '64; Theodore A. K. Gessler, Kappa, '64, and Alfred Taylor, Kappa, '66. The honorable and honored initiate was presented with a magnificent badge which he wore to the general pleasure of the Fraternity on the occasion of his subsequent inauguration as president. The Chicago Alumni Chapter also sent him a very handsomely bound copy of the Sigma Chi Catalogue and History.

This administration, like that preceding, was characterized by numerous petitions for charters. The election of Reginald Fendall to the Grand Consulship especially stimulated interest in Sigma Chi in the East. During the period the following charters were granted: the Alpha Chapter (revived), the charter having been granted by the Nineteenth Grand Chapter, was installed on September 13, 1892. The Alpha Alpha Chapter was installed at Hobart College on September 28, 1892. The Epsilon Chapter (revived) was installed December 22, 1892. A flourishing chapter at Dartmouth College was installed April 5, 1893, which has been, usually, the largest chapter of the Fraternity. The Lambda Lambda at Kentucky State College was installed April 6, 1893. The Beta became inactive. Charters were granted to flourishing alumni chapters at New Orleans and Philadelphia. It now became the fixed policy to name all Alumni Chapters after their respective cities, instead of by Greek letters. In the spring of 1893 successful conventions of the First, Third, and Fourth Provinces were held at New York; Granville, Ohio; and Indianapolis, Indiana, respectively; the Grand Council being represented by the respective Grand Praetors. During most of the college year, 1892-'93, the Grand Quæstor was in Europe, and his place was admirably filled by Leon L. Loehr, Alpha Iota, '85. Brother Loehr gave to Sigma Chi then, as often in her councils since, the aid of a mind finely trained in financial lines and expert judgment in business matters.

On July 20 and 21, 1893, occurred another special Grand Chapter at Chicago, Illinois, commonly known as the World's Fair Grand Chapter. It grew out of a resolution adopted in the Nineteenth Grand Chapter at Indianapolis, and was held chiefly by reason of the fact that a large number of Sigma Chis could be gathered together with the World's Fair as a special attraction. It was characterized by an unusually large attendance from all over the country, its jubilee

character as a reunion, and its thorough-going discussion of the financial problems of the Fraternity. The total registered attendance was 135. The organization was as follows: Grand Consul, Henry H. Vinton, Delta Delta, '85; Grand Pro-consul, William A. Heath, Kappa Kappa, '83; Grand Annotator, Wirt Howe, Alpha Omicron, '95; Grand Custos, George W. Scott, Alpha Alpha, '96. Thirty-eight, of the forty-four active and ten alumni chapters, were represented by accredited delegates. The most important legislation of this Grand Chapter was along financial lines. During the preceding year the entire Fraternity had become aroused by conditions of delinquency in the payment of chapter dues and the corresponding embarrassment, at national headquarters, in the payment of national fraternity obligations. Under the recommendation of the Grand Quæstor, the Grand Chapter adopted legislation looking to the prompt payment of chapter dues, as unusual in character for a college fraternity as it has been successful in results. By this legislation delinquent chapters, after due notification and reasonable extensions of time if required, were penalized, first by suspension, and then by absolute revocation of their charters. This legislation has remained in the statutes of the Fraternity ever since. Under it every cent of dues has since been collected, and, while there have been some suspensions of charters, a revocation has not been required in any case. 2. The fraternity song book was continued in the hands of Alpha Sigma Chapter. 3. A fraternity flag was discussed, and the matter referred to a committee for action during the coming year.

The Grand Chapter received the resignation of Grand Praetor Wiggam of the Fourth Province, and elected, in his stead, David Tod, Delta Delta, '96. Before another Grand Chapter met, Grand Praetors Purdy, Dixon, Fiske, and Tod had been succeeded, respectively, by Robert E. Lee, Jr., Zeta, '90; Hervey B. Hicks, Alpha Epsilon, '92; Newman Miller, Alpha Pi, '93, and Fred C. Scheuch, Jr., Delta Delta, '93.

During the year succeeding the World's Fair Grand Chapter, numerous petitions were received, and the Alpha Rho, at Lehigh University, was revived on September 14, 1893.

Successful Province Conventions were held in the spring of 1894 by the Third Province at Danville, Kentucky, and by the Fourth

Province, at Lafayette, Indiana. The Grand Council was represented at these gatherings by the respective Grand Praetors. During this year also the committee to select a flag, which had been appointed by the Twenty-first Grand Chapter, A. P. Willis, Alpha Phi, '94, and William B. Abbey, Phi Phi, '76, made its report, and the design adopted by them became the official flag of the Fraternity.

The summer of 1894 would have been the regular date for a biennial Grand Chapter, but on account of the World's Fair Grand Chapter, in the summer of 1893, advantage was taken of the constitutional provision and the regular biennial session postponed for another year. During the year 1894-1895 the Delta Chi Chapter, at Wabash College, was permitted to become inactive. The Nu Nu Chapter was installed in Columbia University, New York City, on November 28, 1894, and two petitions from other institutions were left open for consideration when the Grand Chapter should assemble in 1895. The Fourth Province held a Provincial Convention in May, 1895, at Lafayette, Indiana, the Grand Council being represented by the Grand Praetor and Grand Quæstor. When the Grand Chapter assembled, twelve chapters out of forty-four were occupying either owned or rented houses.

The Twenty-second Grand Chapter met at Cincinnati, Ohio, July 25, 26, 27, 1895. It was one of the most largely attended and enthusiastic of all our Grand Chapters. The total registered attendance was 147. Thirty-six chapters, of forty-five active and ten alumni were represented by delegates. Its organization was as follows: Grand Consul, General Ben P. Runkle, Alpha, '57, one of the founders of the Fraternity, who had made a journey from California to attend the gathering. Grand Pro-consul, Dr. Robert Farnham, Epsilon, '64; Grand Annotator, E. Dick Slaughter, Alpha Nu, '96; Grand Tribune, William J. Price, Zeta Zeta, '92; Grand Custos, George LeBoutillier, Zeta Psi, '98.

Matters to come before the Grand Chapter were, for the first time, placed in available and methodical shape by the publication of a special Grand Chapter issue of the Sigma Chi Bulletin, consisting of grand officers' reports and suggestions. The important transactions were as follows: 1. Considerable attention was devoted to the song book, which was now transferred from the care of the Alpha Sigma Chapter to that of the Zeta Psi, with directions to

prepare it for early publication by the Fraternity. 2. A growing feeling that there should be greater restriction placed upon the granting of charters, a function heretofore in the hands of the Grand Council, acting by a two-thirds vote, led to new legislation under this head. Its author was Grand Praetor Newman Miller, who had devoted large study to the wishes of the Fraternity along this line. The plan for granting charters adopted by this Grand Chapter, as finally left to the Grand Tribune for elaboration, provided for a three-fourths vote of the active chapters of the Fraternity, in addition to the three-fourths vote of the Grand Council. Fullness of investigation of petitions and due time for consideration were also provided. 3. The pending proposition for a charter at the University of West Virginia was passed upon favorably, while that for a revival of the Tau Chapter at Roanoke College, Salem, Virginia, was defeated by one vote. 4. A radical rearrangement of the Provinces of the Fraternity was made which, with the slight change noted on page 16, has since prevailed, and which is as follows:

FIRST PROVINCE—Pennsylvania, New Jersey, Delaware, Maryland and District of Columbia.

SECOND PROVINCE—Virginia, North Carolina, South Carolina. Georgia, and Florida.

THIRD PROVINCE—Ohio, Kentucky, and West Virginia.

FOURTH PROVINCE—Indiana.

FIFTH PROVINCE—Michigan, Minnesota, Wisconsin, Illinois, Iowa, and Missouri.

SIXTH PROVINCE—North Dakota, South Dakota, Wyoming, Nebraska, Colorado, and Kansas.

SEVENTH PROVINCE—Texas, Arkansas, Indian Territory, Tennessee, Mississippi, Alabama, and Louisiana.

EIGHTH PROVINCE—Washington, Oregon, Idaho, Montana, Utah, Nevada, Arizona, New Mexico, and California.

NINTH PROVINCE—New York, Maine, Connecticut, Vermont, Massachusetts, New Hampshhire, and Rhode Island.

5. By far the most important and far-reaching legislation of the Grand Chapter, however, was again in the financial field. At this time the Railway Sinking Fund of the Fraternity was founded, which has since more than sufficed to pay the railway expenses of delegates from all the chapters to the Grand Chapters. The system

of chapter dues and payments was made more simple and uniform, and the total amount payable from each active member to the general Fraternity was increased from three dollars and fifty cents to five dollars per annum. This increase was voted enthusiastically and unanimously, and was particularly significant in view of the legislation of the preceding Grand Chapter, already in wholly successful operation, providing suspension and revocation of charters for non-payment of dues. 6. The most important financial legislation of the Twenty-second Grand Chapter, was the establishment of the Chapter House Sinking Fund. This fund was established to provide for the acquisition and ownership of chapter houses. Its income was to be derived from (a) a fixed initiation fee from each initiate into the Fraternity; (b) a certain percentage of regular dues of active members; and (c) some special plan of alumni payments or contributions, to be subsequently determined. Methods of loans to active chapters, etc., for the purpose in view, were carefully determined and safeguarded. This fund was the legislative beginning of what is now Sigma Chi's well known Endowment Fund. It was a plan, adopted, precisely, as originated, and promulgated by Joseph C. Nate, Alpha Iota, '90, then in the fifth year of his service as the Fraternity's Grand Quæstor.

The election of a Grand Council for the succeeding two years turned upon a proposition, seriously agitated in this Grand Chapter, to remove the governmental headquarters to New York City. A majority of the convention, however, favored Chicago, and the various elections resulted as follows: Grand Consul, General Ben P. Runkle, Alpha, '57; Grand Quæstor, Joseph C. Nate, Alpha Iota, '90; Grand Annotator, Newman Miller, Alpha Pi, '93; Grand Tribune, Charles Alling, Chi, '85, and Theta Theta, '88; Editor-in-Chief of Sigma Chi Quarterly, the duties of which office had heretofore been performed by the Grand Tribune, Frank Crozier, Chi, '92, Theta Theta, '94; Grand Historian, William B. Ricks, Alpha Tau, '90, and Alpha Psi, '94; Grand Praetors, under the new arrangement of Provinces: First Province, John D. Bertolette, Omicron, '94; Second Province, Douglas Forsyth, Alpha Omicron, '94, and Psi, '95; Third Province, Daniel Wilson, Zeta Psi, '91; Fourth Province, Clarence M. Bivens, Delta Delta, '92; Fifth Province, Herbert C. Arms, Kappa Kappa, '95; Sixth Province, John W. Dixon, Alpha

Epsilon, '94; Seventh Province, E. Dick Slaughter, Alpha Nu, '96; Eighth Province, Freeman G. Teed, Kappa, '73; Ninth Province, D. Maujer McLaughlin, Alpha Phi, '98. It was found later that Douglas Forsyth would not be a resident of the Second Province, and in his stead, the Province selected W. Asbury Christian, Alpha Psi, '92.

The succeeding two years were characterized by an activity in the fraternity life scarcely equaled, and certainly not excelled, during preceding years. The election of General Runkle to the Grand Consulship placed the whole organization in touch with its early beginnings and its fundamental ideals. The election of an Editor-in-Chief, separate from the Grand Tribuneship, brought the activity of a new grand officer to bear among the working forces at Chicago. Grand Consul Runkle soon removed to Chicago, and presided continuously over the deliberations of the Grand Triumvirs, until the final year of his administration, during which he had his residence in the East. The Grand Consul's visits to different chapters of the Fraternity on social and special occasions were much more numerous than those of his predecessors. To all these causes of progress, General Runkle brought to bear, in his official station, his fine qualities of executive ability and leadership, and a rigid insistence that the governmental regulations and ideals of the Fraternity should be rigidly fulfilled. The other officers of his administration, headed by Grand Tribune Alling, had the benefit of long experience in the official work of the Fraternity.

The Mu Mu Chapter was auspiciously installed at the University of West Virginia, on September 13, 1895. Early in the administration a petition for the revival of the Tau Chapter at Roanoke College was again presented, and under the new system of voting, a charter was finally granted by the Grand Council and active chapters, and installed March 31, 1896. The Phi Phi Chapter was revived at the University of Pennsylvania with installation on May 9, 1896, and a petition from the University of Missouri, being under favorable consideration at this time, was finally granted and the chapter installed on September 26, 1896. Upon the request of the Washington Alumni Chapter its charter was declared null and void by the Grand Council, there being at that time no provision for the surrender of a charter.

In the spring of 1896, the Grand Council had the pleasure of

allotting the first loan from its new Chapter House Sinking Fund. The sum of nine hundred dollars was already available, and was awarded to the Alpha Phi Chapter at Cornell University, and by it expended as part purchase price of a building lot. The Third and Fourth Provinces, as usual, held Conventions, both in May, 1896. The former was held at Oxford, Ohio, and the latter at Bloomington, Indiana. The Grand Council was represented by the respective Grand Praetors.

Pursuant to a resolution of the Twenty-second Grand Chapter, the Grand Consul early set about providing for a revision of the entire constitution, statutes and ritual of the Fraternity. The Fraternity was working under a constitution adopted in 1884, and very frequently amended since. It was believed that a revision of the whole document, looking to uniformity and adjustment of its various parts, and the special consideration of several subjects, was now desirable. To this end the Grand Consul on January 1, 1896, addressed to the Fraternity a letter, asking for suggestions upon these topics: Government and officering, extension, headquarters, alumni interest, incorporation, finances, publications, literary work, and honorary members. There followed the appointment of a representative committee from various sections of the Fraternity to draft a complete revision of the constitution. This committee met at Put-in-Bay Island, Ohio, during the days of July 31 and August 1, 2 and 3, 1896. It has accordingly been commonly known in our history and literature as "The Put-in-Bay Committee." It was constituted as follows: Members: Theodore A. K. Gessler, Kappa, '64, Ninth Province; Charles M. Dawson, Theta, '69, Fourth Province; ex-Grand Consul John Howard Ferris, Mu, '76, Third Province; ex-Grand Consul Orville S. Brumback, Beta, '76, Third Province; William B. Ricks, Alpha Tau, '90, Alpha Psi, '94, Seventh Province; Joseph C. Nate, Alpha Iota, '90, Fifth Province; Daniel F. Wilson, Zeta Psi, '91, Third Province. Advisory Members: Samuel R. Ireland, Theta Theta, '89, First Province; Henderson Lee, Tau, '91, Second Province; Lewis R. Garrett, Alpha Upsilon, '94, Eighth Province; John W. Dixon, Alpha Epsilon, '96, Sixth Province. During the meeting Dr. Gessler, of the voting members, was represented by Ruter W. Springer, Omega, '87, as proxy. The other voting members were all present. The committee organized, with Charles M.

Dawson as chairman, and Joseph C. Nate as secretary. The four days were devoted to a most careful revision of the entire constitution, statutes, and ritual of the Fraternity. The membership of the committee was particularly qualified for this work, both by general experience and by special study of the matter in hand, and the result of their work gave great satisfaction to the Fraternity at large. The constitution drafted by them was printed in full in the Sigma Chi Bulletin of January, 1897, being thus placed before the Fraternity for consideration and discussion almost a full year before it came up for final passage at the succeeding Grand Chapter. Some statement of its general character and intention will be made in connection with the latter event.

The usual number of petitions were received during the remaining year of this administration, of which one, long pending from the University of Chicago, was granted. The Omicron Omicron Chapter was installed in that institution, in the presence of nearly one hundred and fifty members of the Fraternity, on February 6, 1897. At about the same time there was accomplished an important change in the status of the Theta Theta. This chapter, which had been permitted to become inactive in the law department with this change in view, was now fully transferred to the literary department of the University of Michigan, and started upon a new and highly successful career therein. The only Province Convention held during this college year, was that of the Fourth Province, at Greencastle, Indiana, May 13, 1897.

Early in 1897, the Zeta Psi Chapter, having brought the song book into good shape for final efforts of an official nature, turned the material collected over to the Grand Triumvirs. The efforts of Zeta Psi had been under the able leadership of George D. Harper, Zeta Psi, '91, to whom the Fraternity felt largely indebted for the publication when it subsequently appeared. The Triumvirs now delegated the song book to a special committee in Chicago, which elected Herbert C. Arms, Kappa Kappa, '95, Editor, and Charles B. Burdick, Kappa Kappa, '95, Associate Editor.

The Fraternity approached the time of its Twenty-third Grand Chapter with unusual enthusiasm for the event. The active chapters now numbered an even half hundred. Of these, nineteen were living in owned or rented houses. The convention was secured by Nash-

ville, Tennessee, thus locating the biennial meeting in the South for the first time since that held at Richmond in 1874. The registered attendance at this Grand Chapter, which occurred at Nashville, on August 25, 26, 27, 28, 1897 was 108, less in total than that of recent gatherings, but the South was more largely represented, perhaps, than ever before. The attendance, as a distinct result of the Railway Expense Fund adopted in 1895, included delegates from forty-eight out of the fifty active chapters of the Fraternity. To these were added official delegates from six of the ten alumni chapters. Thus all records in this line were far surpassed. The organization of the gathering was as follows:

Grand Consul, John S. Alleman, Theta, '75; Grand Pro-consul, Lauran F. Smith, Omicron, '90; Grand Annotator, Harry Beach Carré, Alpha Psi, '98; Grand Custos, George L. Edmonds, Epsilon, '94. The convention was characterized by the transaction of a large amount of business. Matters to come before it were, as in 1895, presented in a special issue of the Sigma Chi Bulletin. This Bulletin consisted of thirty-four printed pages, the largest edition ever published, and was devoted exclusively to the reports and recommendations of the grand officers.

The important business was as follows: 1. The adoption of a coat of arms, a subject first agitated by Grand Consul Fendall during his administration, and by the Twenty-second Grand Chapter referred to the committee (Henry H. Vinton, Delta Delta, '88, and Samuel R. Ireland, Theta Theta, '89), whose design was now accepted. 2. The adoption of the plans for the publication of another edition of the Catalogue, or a Residence Directory, the need of which had now come to be strongly felt in the Fraternity. 3. The Chapter House Sinking Fund of the Fraternity (at this Grand Chapter renamed the Endowment Fund) had another $500 available for a loan. There were three applicants for the amount, the Grand Chapter awarding the loan to Alpha Phi Chapter, to carry forward its house plans. 4. The Song Book Committee, which had taken that project from the Zeta Psi Chapter, had its work very largely completed. Its report was accompanied by a neat prospectus, showing many of the songs already in print. The Grand Chapter made all necessary final arrangements for immediate publication. 5. A slight change was made in the arrangement of Provinces, Iowa

and Missouri being transferred from the Fifth to the Sixth Province.
6. The custom of selecting certain official jewelers to the Fraternity was abandoned, leaving competition open among all dealers. In the same movement the office of official jewelry agent was abolished.
7. A recommendation was made that the yearly anniversary of the establishment of the Fraternity be recognized as a day for the decoration of the graves of deceased founders, to be observed with appropriate ceremonies by chapters conveniently located. It is believed that this idea, now well established, will lead to the observance of a general memorial day for the Fraternity throughout the country.
8. By far the most important legislation of the Grand Chapter was the adoption of the revised constitution, statutes and ritual of the Fraternity, as prepared by the Put-in-Bay Committee. The ritualistic features of this work had been prepared almost wholly by Ruter W. Springer, Omega, '87, since the adjournment of the meeting at Put-in-Bay, and were explained to the delegates by Brother Springer, who was in attendance upon the Grand Chapter for that particular purpose. The ritual as revised was a most satisfactory conclusion to many years of study and experience by Brother Springer in this department of fraternity work. The confidence of the Grand Chapter in the production of the Put-in-Bay Committee and the general excellence of the constitution submitted, were evinced by what was practically a unanimous acceptance of the document as a whole.

The leading improvements of the new constitution should be noted at this point. Simplicity of expression and the elimination of every unnecessary word and phrase were particularly aimed at. A uniformity in the title of Grand Officers was provided, under which the Editor-in-Chief was henceforth to be called the Grand Editor, and other titles accordingly. The peculiar usage by which the Fraternity had, during a session of the Grand Chapter, nominally two sets of Grand Officers, was corrected; henceforth the officers of the Grand Chapter were to be designated as simply Consul, Pro-consul, Annotator, etc., of the same, the prefix "Grand" being omitted, in order to distinguish them from the permanent officers of the Fraternity. The limitations upon the power of the Grand Chapter, and grants of power to it, were carefully determined. The same statement is also true as to the Grand Council. The right of a chapter to

surrender its charter, if acceptable to the Grand Council and the active chapters, was added to the law as to suspensions and revocations. All the business details of the fraternity work were required to be handled in a strictly business manner. The establishment of alumni chapters was encouraged by new legislation. Honorary membership was prevented. There was provided a somewhat greater degree of pliability in placing before the Fraternity essential measures through the Grand Triumvirs, and the Grand Council, to the active chapters and alumni of the Fraternity. The Quarterly and Bulletin were both retained as our official publications and the scope of their usefulness enlarged.

In the financial department the legislation of preceding Grand Chapters was systematized, rather than any radical changes made. The Railway Sinking Fund, now a most popular measure, was retained. The Chapter House Sinking Fund, second in popularity to no legislation in the Fraternity's history, was likewise retained and provisions for enlarged receipts established. The name of the fund, however, was changed to the more appropriate one of the Endowment Fund.

Apart from the financial phases of the new constitution the Grand Chapter, through a qualified committee, made a special study of the proposition for a regular system of alumni dues. During the preceding year the Grand Quæstor had actively agitated such a proposition. As a test of its possibility and popularity he had submitted to fifty specially selected alumni of the Fraternity a proposition that the alumni should voluntarily start such a system by contributing a preliminary fund of $12,500. This letter, together with favorable responses from practically every alumnus addressed, was before the Grand Chapter as a part of the Grand Quæstor's report. It was felt that if this plan of a voluntary enlargement of the Fraternity's Endowment Fund could be carried to a successful issue, the time would certainly be ripe for legislation providing a permanent system of alumni dues. This Grand Chapter therefore resolved "that the time is ripe for the adoption of a system of alumni dues, and recommends that the matter be referred to the Grand Triumvirs with instructions to formulate such a system."

A change in the general theory of the new constitution as to the

administration of the fraternity government, on the whole, should be noted before we enter upon the succeeding biennial period. This change involved the idea that the Grand Consul should, actually, be the official head of the Fraternity. Under the constitution of 1884, and the practice thereunder, such an appellation would apply more pertinently to the Grand Tribune. The History of 1890 says, in fact, of the Grand Tribune, "he is the chief executive officer, under the control of the Grand Council, of which he is not a member. Upon him the general administrative responsibility falls and the duty of executive leadership." This historical change in the facts of the case doubtless occurred when Walter L. Fisher, after ten years in the offices of Grand Tribune and Grand Quæstor, was placed at the head of the Fraternity, both as Grand Consul and as chairman of the Grand Triumvirs in 1890. Grand Consul Fisher carried with him into his high office all the powers of leadership and direction which had characterized his historical incumbency of the Grand Tribuneship. Mr. Fisher's successors, Reginald Fendall and Ben P. Runkle, men of great executive ability and experience, were especially qualified to take up the duties of the Grand Consulship under the new adjustment of things and, during the two years preceding the Nashville convention, under the aggressive personal administration of General Runkle, the Fraternity had come to feel that the new method was an improvement and a more logical order of procedure. The new constitution says, specifically, that "the Grand Consul shall be the official head of the Fraternity." It prescribes large and important duties for him. It lodges a definite veto power in him. And it provides that, at the end of his administration, the reports of all subordinate grand officers shall be made to him direct, instead of to the Grand Chapter, and that he shall make the report, from all these, of the general condition and welfare of the Fraternity, to the Grand Chapter. All these provisions are new in the constitution of 1897 and verify the conclusions of this paragraph.

The election of Grand Officers for the ensuing two years resulted in the choice of the following Grand Council: Grand Consul, Dr. William L. Dudley, Zeta Psi, '81; Grand Tribune, Charles Alling, Chi, '85, Theta Theta, '88; Grand Quæstor, Joseph C. Nate, Alpha Iota, '90; Grand Editor, Newman Miller, Alpha Pi, '93; Grand Annotator, Herbert C. Arms, Kappa Kappa, '95; Grand Historian,

Frank Crozier, Chi, '92, and Theta Theta, '94; Grand Praetors: First Province, Thomas R. Field, Omicron, '93; Second Province, E. Lee Trinkle, Sigma Sigma, '96, Psi, '98; Third Province, Louis A, Ireton, Gamma, '93; Fourth Province, Joseph R. Voris, Chi, '87; Fifth Province, Louis W. Myers, Alpha Lambda, '94; Sixth Province, Justin D. Bowersock, Alpha Xi, '94; Seventh Province, Douglas Forsyth, Alpha Omicron, '94; Eighth Province, George Sinsabaugh, Alpha Upsilon, '89; Ninth Province, Frank L. Pierce, Alpha Theta, '89. Louis W. Myers being unable to serve was quickly succeeded by Robert C. Spencer, Jr., Alpha Lambda, '86.

The new administration opened most auspiciously. There was a general feeling that Sigma Chi had attained to most prosperous and successful lines of national life. The election of Dr. Dudley to the Grand Consulship for the first time placed in that office a resident of the South, and as the next two years showed, was productive of a renewed enthusiasm among all our southern chapters. Dr. Dudley was fortunate in retaining Charles Alling as his chief adjutant in the work at Chicago, in the Grand Tribuneship. His ten years' incumbency of that office had made Brother Alling an expert in almost every line of fraternity endeavor. The triumvirate also consisted of experienced men, and a fair trial of the workings of the new constitution was assured by the personnel of the entire Grand Council.

The song book committee located in Chicago now pushed its work rapidly to completion and final publication, and within a year a beautiful and creditable song book was added to the publications of the Fraternity. Its editor, Herbert C. Arms, Kappa Kappa, '95, and Charles B. Burdick, Kappa Kappa, '95, his associate, received the praises of the entire Fraternity. As a result of their unselfish and competent labors, all the chapter halls of Sigma Chi now ring with new and old Sigma Chi music.

It was a part of the plan of the constitution of 1897 that there should be an incorporation of the Fraternity for the proper preservation and use of the Endowment Fund. A close study of the matter from the legal standpoint led to the conclusion that the incorporation of simply the Grand Council, for the purposes in view, would best answer the requirements of the case. Accordingly, the necessary changes in the recently adopted constitution, were made by a vote of the Grand Council and chapters, under the new plan of amend-

ments between sessions of the Grand Chapter. The Grand Council was incorporated under the laws of the State of Illinois with the legal title "Grand Council of the Sigma Chi Fraternity." This corporation has for its particular purpose the safe handling and administration of our Endowment Fund. No time was lost in the movement to enlarge the Endowment Fund through alumni contributions. The plan of the Grand Quæstor was pushed in every possible way. His proposition was, briefly, that five hundred alumni should contribute to this fund the sum of $25 each in five annual payments of five dollars. This would create a total endowment from this source alone of $12,500. It would also accustom the Fraternity to, and educate it in, the idea of a fixed system of alumni dues to be provided by legislation. The idea gained favor rapidly in the Fraternity and loyal alumni were soon at work upon it all over the country. During the final year of this administration, the plan became a success, to the gratification of our own membership and to the apparent surprise of all rivals, many of whom had watched the undertaking with great interest.

Grand Consul Dudley kept in active touch with every fraternity enterprise and greatly endeared himself to his fellow grand officers and to the Fraternity at large. Like his predecessor, he was an extensive traveler within the fraternity territory, visiting many points on social and other occasions. This was the more appreciated by the Fraternity, because of the known great responsibility of his work as dean of the medical department of Vanderbilt University, and the other demands upon his time and thought. One of the Grand Consul's earliest efforts was to secure from the Fraternity a charter for an enthusiastic alumni chapter at Nashville, Tennessee, his home city.

The first Province Convention held was that of the Fourth Province at Hanover, Indiana, in May, 1898, in which the Grand Council was represented by the Grand Praetor and Grand Tribune. The Second Province met at Lexington, Virginia, and the Third Province at Columbus, Ohio, during the same month, the respective Grand Praetors being in attendance. The Sixth Province held an enthusiastic convention at Omaha, Nebraska, in September, 1898, at which the Grand Council was represented by the Grand Quæstor and the Grand Praetor.

The conservatism of the Fraternity in the granting of charters had come to be generally understood. Under the provisions of the constitution only favorable propositions could reach the stage of a vote of the Fraternity. Under these conditions no new active chapter was acquired, but a proposition for the revival of the Beta Chapter succeeded shortly before the Grand Chapter of 1899, while one to revive the Phi Chapter went over to the consideration of that Grand Chapter. During the fall of 1898 and the winter of 1899 the Grand Quæstor visited chapters and cities in all parts of the country to assist in the success of the proposition of a voluntary alumni contribution of $12,500 to the Endowment Fund, and, largely as a result of these trips, the success of that proposition, as already related, was assured. On January 1, 1899, the Grand Triumvirs authorized the publication of all of their minutes regularly thereafter in the Sigma Chi Bulletin, thus bringing the results of their extensive labors before every chapter in the Fraternity. This practice has impressed the Fraternity, as nothing else could, with the importance of their work. Consulting, as they do, at least every two weeks with the Grand Tribune, and, as a sort of an executive committee of the Grand Council, considering communications from every source, including the Grand Consul, the active chapters, and individual alumni, they are in a large sense the real board of managers of the Fraternity. Their decisions, except strictly judicial ones, are subject to ratification by the Grand Council, and preliminary in nature. Nevertheless they are of vast importance, because it is reasonable to expect that such decisions will in most cases be approved, and because they inaugurate so much in the way of definite movements. By the publication of their minutes also, the entire Fraternity is kept fully informed on every point of progress.

The Endowment Fund increasing from its constitutional sources, was ready by January 1, 1899, to allot a loan of $2,000. This sum was awarded to the Theta Theta Chapter, University of Michigan, and with it that chapter was enabled to consummate its long cherished plans for the ownership of a chapter house. The success of the Endowment Fund, more than any other one thing, had now awakened the entire Fraternity to the importance of the chapter house question, and building propositions were inaugurated by many chapters. Interest, however, still centered in the important effort of

Alpha Phi at Cornell University, which became the next great house-owning success of the Fraternity.

As the Grand Chapter approached, the Residence Directory which had been definitely planned by the Nashville convention, became a matter of serious consideration and was one of the most important topics before the Grand Chapter when it convened. The Twenty-fourth Grand Chapter was held in Philadelphia, Pennsylvania, September 12, 13, 14, 15, 1899. Like all conventions of recent years, it was largely attended, the total registration being 129. Forty-six chapters were represented, including Beta, the fifty-first active chapter of the Fraternity, which had been re-established and installed just in time to have its delegate present. Four alumni chapters, of the eleven, also were represented by delegates. At this time there were twenty chapters living in owned or rented houses. The convention organized as follows: Consul, Dr. William L. Dudley, Zeta Psi, '81; Pro-consul, John B. McPherson, Theta, '83; Annotator, George L. Megargee, Kappa, '97 and Phi Phi, '01; Assistant Annotators, William H. P. Conklin, Alpha Phi, '94 and Nu Nu, '95, George G. Westfeldt, Alpha Omicron, '01; Quæstor, James P. Bicket, Alpha Iota, '97; Custos, W. P. Fitzgerald, Alpha Epsilon, '00; Magister, Joseph C. Nate, Alpha Iota, '90. Under the present constitution only the first four of these officials are required for the Grand Chapter the others being within its option to elect.

The business for the deliberations of the Grand Chapter was again in most excellent shape for consideration. The special Grand Chapter Bulletin for official reports had become a fixture, and the issue for this Grand Chapter was one of forty-four pages, the largest Bulletin ever issued by the Fraternity. It contained Grand Consul Dudley's report to the Grand Chapter for the whole Fraternity, together with the reports in full of all minor officials to the Grand Consul. The two preceding years were regarded as years of great prosperity, and the business transacted was largely in the nature of promoting the various matters which had arisen for consideration under the new constitution. (1) The date of issue of the Quarterly was changed so that it would thereafter appear one month later than had been the custom during the past decade. (2) Legislation was enacted tending to make alumni extension more easily possible and to encourage the formation of alumni chapters. (3) The nature

of the proposed Residence Directory was determined, and the Fraternity management directed to produce the same at the earliest possible date. (4) Another $2,000 being assured for early distribution from the Endowment Fund, the Grand Chapter recommended to the Grand Council the claims to such amount of the Alpha Phi Chapter at Cornell University. (5) The most important financial legislation was the adoption by an enthusiastic and unanimous vote by the Grand Chapter, of a system of alumni dues. The plan adopted provides for two notes of five dollars each, to be signed by graduates of active chapters, payable, respectively, one each year for two years after graduation. One-half of the income of these notes goes directly into the Endowment Fund and the other half is distributed by statute as the needs of the Fraternity seem to require. (6) The subject of Provincial Conventions and their necessity was carefully considered. The visitation of such conventions and of active chapters by Grand Officers, was regarded as essential. To this end the entire income of the Endowment Fund (subject to distribution by statute) was allotted to these purposes, as was also the income from all Quarterly advertising of railway lines.

The Twenty-fourth Grand Chapter elected the following Grand Council for the ensuing two years: Grand Consul, Joseph C. Nate, Alpha Iota, '90; Grand Tribune, Charles Alling, Chi, '85, and Theta Theta, '88; Grand Quæstor, James P. Bicket, Alpha Iota, '97; Grand Annotator, Herbert C. Arms, Kappa Kappa, '95; Grand Editor and Grand Historian, Newman Miller, Alpha Pi, '93; Grand Praetors, First Province, V. S. Anderson, Kappa, '95; Second Province, E. Lee Trinkle, Sigma Sigma, '96 and Psi, '98; Third Province, Clifford A. Wiltsee, Mu, '97; Fourth Province, William R. Coffroth, Xi, '87; Fifth Province, Edward M. Dexter, Alpha Lambda, '92; Sixth Province, Arthur A. Bischof, Alpha Epsilon, '98; Seventh Province, Landrum P. Leavell, Eta, '99; Eighth Province, A. H. Jarman, Alpha Omega, '97; Ninth Province, William H. P. Conklin, Alpha Phi, '94, Nu Nu, '95. An early resignation was received from V. S. Anderson of the First Province, whose place was filled by the election of Merkel Landis, Omicron, '96.

The Fraternity entered auspiciously into the forty-fifth year of its history. The organization at Chicago, with Grand Tribune Alling at the head, began the work with an activity unexcelled even by the

best previous records at headquarters. It early became apparent, also, that the office of Grand Praetor was to be magnified during this period, as never before. These officials almost at once began plans to visit all their chapters, to hold Provincial Conventions, and to carry out all the ideals of the office as it had been provided in the constitution of 1897. The Grand Consul brought to bear an experience of ten years' membership in the Grand Triumvirs, during many of which he had served as chairman of that body. His close personal touch with Sigma Chis throughout the United States had taught the alumni and active members the unselfish, persistent, and immensely successful character of the Grand Consul's great work for the Fraternity. They rallied to him from every quarter, glad of another opportunity to uphold the hands of an officer who had assumed an exchequer burdened with debt, and left it building magnificent chapter houses at the best colleges in the land. No man ever assumed our highest office more bedecked with the chaplet of gratitude and praise. He has maintained practically a continuous correspondence with the Grand Triumvirs, and has attended meetings of those officers upon all possible occasions. By several important trips to Provincial Conventions, alumni gatherings, and the visitation of remote chapters, he has continued the example of former Grand Consuls Runkle and Dudley in that respect.

Following the desire of the recent Grand Chapter, the organization of alumni chapters has become a special object of the Grand Council. Such chapters have been established at Peoria, Illinois; Columbus, Ohio; Boston, Massachusetts, and St. Paul-Minneapolis, Minnesota, while the chapter at Washington, District of Columbia, has been revived. No petitions for active chapters have been granted, while the Alpha Tau has become inactive. Successful Provincial Conventions have been held as follows: of the Fourth Province, at Indianapolis, in February, 1900; of the Ninth Province, at Boston, Massachusetts, in March, 1900; of the Third Province, at Columbus, Ohio, in May, 1900; of the Fifth Province, at Chicago, Illinois, in October, 1900. In the first of these the Grand Council was represented by the Grand Tribune; in the second, by the Grand Praetor; the Ohio Convention was attended by the Grand Consul and the Grand Praetor; while that at Chicago benefited by the presence of all the Grand Officers resident in that city.

An endowment loan of $2,000, recommended by the Grand Chapter and now formally alloted to the Alpha Phi at Cornell University enabled that chapter to complete its magnificent chapter house and to dedicate the structure on December 15, 1900. The formal dedication was in charge of the Grand Consul of the Fraternity, Grand Praetors Conklin and Dexter being present, together with many eastern alumni of the Fraternity. This property which, up to date, is the most magnificent acquisition of any chapter of Sigma Chi in this line, has added a new enthusiasm for the Fraternity's Endowment Fund. Like the house at Michigan, however, it represents not only an element of endowment aid, but a success in a very large measure due to the unselfish loyalty and unsparing labor of a number of its own alumni and active members.

July 13, 1900, marked an event in the history of the Fraternity unforeseen by the Philadelphia Grand Chapter. On that date Grand Tribune Alling, Grand Quæstor Bicket and Grand Historian Miller resigned the offices named. This action in each case was necessitated by enlarged business activities, and they gave up the national work of the Fraternity with as deep a sense of regret as that with which their brother officers spared them. Charles Alling was the Fraternity's oldest officer in point of continuous service, while James P. Bicket had made a fine beginning as Grand Quæstor. So many changes at once became a severe test of the Fraternity's plan of government. There was, therefore, a sense of relief and renewed pride in our system when the vacancies were speedily and suitably filled. Grand Tribune Alling was succeeded by Herbert C. Arms, Kappa Kappa, '95, thus advanced from the office of Grand Annotator. His position as Grand Annotator was filled by the election of Clarence W. Whitney, Theta Theta, '99. Ralph F. Potter, Alpha Iota, '90, was elected to succeed Brother Bicket as Grand Quæstor, while Ray G. MacDonald, Alpha Pi, '93, Theta Theta, '96, became Grand Historian under a new arrangement whereby he undertook to push the Residence Directory to completion at the earliest practicable date.

The loss to the Fraternity, in his official capacity, of Charles Alling was inestimable. In his long career in the important office of Grand Tribune he had not only endeared himself personally to his fellow officers and to the membership of the Fraternity everywhere, but he had become possessed of an unfailing and remarkably ac-

curate knowledge of Sigma Chi affairs. He was an authority upon every phase of our life and progress and, as an official, was characterized by great soundness of judgment, combined with great skill and accuracy. Many of the achievements of his official career can be characterized by no less word than that not uncommonly applied to them, "brilliant." Sigma Chi has produced no more loyal and devoted son. Grand Consul Runkle in making his official report to the Twenty-third Grand Chapter well said: "Hereafter, and long after, all of us have ceased to take any active interest in the workings of the brotherhood, the records will show the good work of Charles Alling, and the brothers, while life lasts, will hold in kindly remembrance his genial manners and spirit of good fellowship."

The history of this period is not complete without reference to the most excellent growth and improvement of the Sigma Chi Quarterly. Already a great credit to Sigma Chi in 1890, it has been successively improved by every editor. To-day under the direction of Grand Editor Newman Miller it does great honor to the Fraternity. In appearance, in number and variety of illustrative and literary features, and in the excellence of its chapter correspondence it is second to no Greek-letter periodical.

The Fraternity approaches its Twenty-fifth Grand Chapter with the publication of this volume as the item occupying its chief attention. It is believed that its completion, like the great work of 1890, will fill a large need in all our working departments. It will also be another triumph of perseverance and large ambitions on the part of the Fraternity's officials. The Fraternity completes this work as it nears the end of its first half century of existence. Its present condition may be characterized as one of great activity in every department of its life and work. The entire membership is conscious, as never before, that this Fraternity is national, not sectional, in character. The first half century, with its marvelous growth from seven founders to seven thousand members, from one chapter to seventy chapters, from a little group of noble fellows at Miami University to a vigorous national organization, is indeed prophetic of what the coming half century of its life shall be.

LA GRANGE SYNODICAL COLLEGE

LA GRANGE, TENNESSEE

FOUNDED IN 1856 COLLEGE ORGANIZED IN 1857

A DENOMINATIONAL INSTITUTION (PRESBYTERIAN)

DEPARTMENTS

COLLEGIATE PREPARATORY

La Grange Synodical College opened for the school year of 1860-61 under favorable auspices, but at the outbreak of the War was suspended indefinitely. The majority of the students entered the Confederate army. An attempt was made to open it the following autumn, but the fall of Fort Donaldson brought the exercises to a close. The college building, a structure of Ionic design and costing about $75,000, was at different times used as a hospital by the opposing armies. It was so greatly damaged during the War as to render it unfit for college purposes. After the War the college was not reopened.

POLYTECHNIC COLLEGE OF THE STATE OF PENNSYLVANIA

PHILADELPHIA, PENNSYLVANIA

CHARTERED IN 1853 SUSPENDED IN 1885

DEPARTMENTS

CHEMISTRY	MINES
ARCHITECTURE	ENGINEERING

The Polytechnic College of the State of Pennsylvania, while bearing the name of the state as part of its title, was in no sense a state institution. One or two appropriations of a few thousand dollars each were voted it by the legislature, but only enough to give it temporary relief in financial emergency. Its most prosperous years were from 1862 to 1876. Prior to the founding of Lehigh University, it received much of the patronage which afterward went to that institution. After the opening of the University of Pennsylvania the attendance steadily decreased until the Polytechnic College finally suspended in 1885. From 1866 to 1877 it ranked with the best schools of Civil Engineering.

UPSILON CHAPTER

Founded December 12, 1865. Became inactive in 1876.

OTHER FRATERNITIES

No other fraternity established a Chapter in the institution.

GENERAL INFORMATION

Mississippi College was at first non-sectarian and under the control of a board of management. In 1842 it was placed in the care of the Presbyterian denomination. In 1850 it was offered, with its buildings, grounds and franchises, to the Baptists of the state, under which control it has since remained. Some of the professors and most of the students enlisted in the army, and the college work was suspended during the Civil war. When the war was ended the endowment was gone and only the buildings remained. The school was reopened under most unfavorable circumstances, but has gradually extended its influence to the present time.

MONMOUTH COLLEGE

MONMOUTH, ILLINOIS

FOUNDED IN 1856 CHARTERED IN 1857

A DENOMINATIONAL INSTITUTION (UNITED PRESBYTERIAN)

DEPARTMENTS

COLLEGIATE

The religious denomination in charge of Monmouth College being opposed to secret societies, the college senate has always regarded fraternities with disfavor, and since 1874 has actively prohibited them in the institution. Monmouth has stood well among the smaller colleges of the state from the first. It offers three courses to students, classical, scientific, and literary. It has a library of some 17,000 volumes, and its corps of professors and instructors numbers fourteen. About three hundred students are in attendance, of whom a fair proportion are women.

PRINCETON UNIVERSITY

PRINCETON, NEW JERSEY

FOUNDED IN 1746 CHARTERED IN 1746

A DENOMINATIONAL INSTITUTION (PRESBYTERIAN)

DEPARTMENTS

COLLEGIATE SCIENTIFIC GRADUATE

GENERAL INFORMATION

This institution was chartered as the College of New Jersey, and was originally located at Elizabethtown. In 1748 it was removed to Newark, New Jersey, and again in 1756, to Princeton. The present corporate name was not formally assumed until 1896, when the university celebrated the one hundred and fiftieth anniversary of the granting of its charter. A rule of the board of trustees forbids the students becoming members of any Greek-letter fraternity. The corps of professors and instructors numbers 91, and the attendance is about 1300. The library consists of about 235,000 volumes. Women are not admitted.

A HISTORICAL SKETCH

(*Continued from page 27.*)

The Twenty-fifth Grand Chapter was held in Buffalo, New York, July 23, 24, and 25, 1901. In point of numbers it was the most successful in the history of the Fraternity, the total attendance being 168.

Forty-nine of the fifty-one active chapters were represented by accredited delegates and ten of the thirteen alumni chapters. At this time twenty-seven chapters were occupying houses or lodges, a gain of seven since the last Grand Chapter. The convention organized as follows: Consul, Frank D. Ader, Alpha Iota, '84; Pro-Consul, Harry B. Alverson, Alpha Lambda, '93; Annotator, Ralph D. Southwell, Alpha Alpha, '99; Assistant Annotators, John M. Lee, Alpha Phi, '03, and Stuart A. Walker, Zeta Psi, '02; Quaestor, J. Norris Miller, Nu Nu, '03; Custos, Eugene B. Huffman, Mu, '02; Assistant Custos, Lewis H. Kirby, Alpha Pi, '00, Theta Theta, '01; Magister, Newman Miller, Alpha Pi, '93.

A feature was the revival of the custom of a reception, with musical and literary exercises, on the evening of the opening day. Much important business was transacted, including the following changes in the constitution of the Fraternity: (1) Each Grand Consul who has completed his term of office shall be known as Past Grand Consul and shall have all privileges of membership in Grand Chapters, when present. (2) All trials for expulsion of members shall be presided over by the Grand Praetor of the Province, who shall report the result thereof to the Grand Triumvirs. (3) Alumni notes payable one and two years after cessation of active membership shall be signed by each initiate at the time of initiation, instead of at the time of severing active connection with his chapter, as heretofore. Statutory provision was made for the financing of the new Directory, by requiring each initiate to pay into the Directory Fund the purchase price of the book. Other financial legislation made minor changes in the distribution among the several funds of

the receipts and disbursements of the Fraternity, and exempted alumni elected to active membership in the chapters from the payment of general fraternity dues. Among other important business transacted were enactments whereby the Grand Triumvirs were authorized to pay the Grand Historian a fixed salary out of the Directory Fund; a new official flag and pledge button were adopted; and a committee was appointed to formulate plans for the celebration of the semi-centennial anniversary of the founding of the Fraternity in 1905.

The following Grand Council was elected: Grand Consul, Robert Farnham, Epsilon, '64; Grand Tribune, Herbert C. Arms, Kappa Kappa, '95; Grand Quaestor, Ralph F. Potter, Alpha Iota, '90; Grand Annotator, C. W. Whitney, Theta Theta, '99; Grand Editor, Newman Miller, Alpha Pi, '93; Grand Historian, Fred A. Perine, Alpha Pi, '98; Grand Praetors: First Province, William G. Leisenring, Theta, '01; Second Province, E. Lee Trinkle, Sigma Sigma, '96, Psi, '98; Third Province, William J. Price, Zeta Zeta, '92; Fourth Province, Arthur J. Hamrick, Xi, '98; Fifth Province, Paul W. Cleveland, Omega, '01; Sixth Province, William R. Scudder, Xi Xi, '01; Seventh Province, T. M. Logan, Jr., Alpha Omicron, '98; Eighth Province, Alexander R. Baldwin, Alpha Beta, '96; Ninth Province, William H. Peer Conklin, Alpha Phi, '95, Nu Nu, '96.

Since this Grand Chapter, Tau Chapter, at Roanoke College, and Gamma Gamma, at Randolph-Macon College, have become inactive. The Rho Rho Chapter, at the University of Maine, was installed on April 19, 1902, and the Alpha Eta Chapter at the University of Iowa was revived the following month.
